

*CME/PBB's China Trade & Technology Mission 2004* is a high level delegation to six strategic trading centers in China. With an emphasis on building important business relationship, the Mission seeks to enhance the abilities of North American firms wishing to succeed in this critical market.

## A first-hand view of six strategic Chinese centers

CME/PBB's China Trade & Technology Mission 2004 is a unique opportunity to tour and promote new business partnerships in Hong Kong, Guangzhou, Chengdu, Nanning, Shanghai and Beijing. Participants will meet high-level government officials and key industry contacts in each city, building the personal and professional relationships that are critical for business success in China.
