

Your direct link to the U.K.

With continued growth and increased opportunities in Europe, your ability to trade efficiently with the United Kingdom is critical for success. PBB's international freight forwarding professionals provide the expertise and infrastructure you require to ensure your freight reaches its destination - reliably, cost-effectively and without worry.

With strategic locations at major British ports and key gateways, your freight is shipped efficiently and quickly - on time, every time.

Why use PBB to access the U.K. trade lane?

- Fully integrated Air/Ocean transportation services with published transit times and schedules.*
- Consolidated shipments provide economical movement of cargo.
- Flat rate pricing ensures fast and accurate transportation costing.*
- Time definite services for urgent shipments via expedited air freight.
- Real-time proactive on-line tracking and tracing interfaced with SITA bar coding system.
- Owned and operated bonded freight terminals help ensure control of shipments, less risk and handling and improved cost efficiencies.

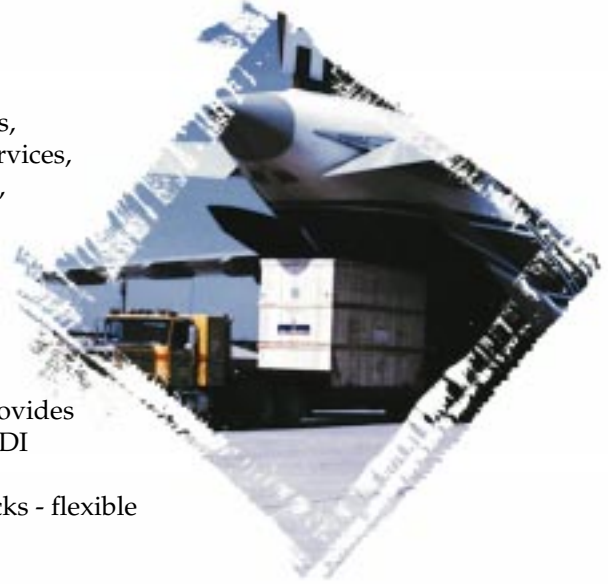

*Rates, schedules and transit times available upon request - contact your nearest PBB regional office.

Additional Benefits

- Network of world-wide automated facilities, provides fully integrated global logistics services, including customs brokerage, warehousing, distribution and inventory management.
- Expert assistance with letters of credit, marine insurance, Incoterms, import permits, and regulatory documentation.
- Complete turnkey project management expertise.
- One global mainframe computer system provides customized management reports and full EDI capabilities.
- PBB's 24-hour radio dispatched fleet of trucks - flexible and controlled port-to-door delivery.
